## Our Staff

A mature, professional and caring staff, selected for their knowledge of child development and their sensitivity and love of children!

For children ages 2, 3, 4 & 5

Director, Suzanne R. Boydston

## Summer Camp

June 11 - July 27

### Week 1 - Let's Have a Ball

Our first week begins with games and sports as the children participate in non-competitive games of soccer, T-ball and basketball all geared to their age level. The week ends with a Field Day.

### Week 2 - Lazy Days of Summer

So many things make summer fun! The children will get creative during Crazy Hat Day, Watermelon Day, Pajama Day, Bubble Day and Treasure Hunt Day.

### Week 3 - Fun in the Sun

There is no end to the fun that the beach has to offer. The campers will make sand castles, create sand art and will be exposed to sea life.

### Week 4 - Red, White and Blue

In celebration of Independence Day, the children will have fun with all the colors of the flag. There will be a Stars and Stripes Day and a day for each of the flag's colors.

### Week 5 - Tents and Tykes

The children will reconnect with nature with Bug Day, Teddy Bear Day, Ice Pop Day and S'mores Day. All this will take place in a camp setting and will include a visit from the Nature of Things.

### Week 6 - Mad Science

We will have a visit from Mad Science of Westchester to augment our week of science themed activities such as Dinosaur Day, Green Day, Halloween Day in July and Inside Outside Day.

### Week 7 - Cooking Up a Storm

We will finish up our camp season with a yummy week of recipes. Ice cream sundaes, fried rice, pizza, French toast and quesadillas will all have their own day.
